RELEASED MARCH 27TH 2019

Login(Home)

BEFORE

The screenshot shows a cluttered interface with a dark header containing the Uplink logo and navigation links (Help, Contact, Resources). The main content area is titled "Employer Self Service Logon" and features a large "Please Logon" form with fields for Username and Password, and a "Logon" button. To the left, there is a sidebar with "Important Information" containing several text-heavy notices, including one about system unavailability on October 25, 2018, and another about an employer survey. The footer contains logos for Indiana Workforce Development and WorkOne, along with a small ID number.

AFTER

The screenshot shows a modernized interface with a clean, light-colored design. The header features the Uplink logo and a prominent "Welcome to Employer Self Service" message over a group photo of diverse employees. The navigation is simplified, with "Sign In" and "Register" buttons. The main content is organized into sections: "Important Information" with a single notice about system unavailability on March 28, 2019, and "Resources" with four large, intuitive buttons: "First Time User", "What's New?", "I Need Help...", and "FAQs". The footer includes contact information and a small Adobe Acrobat Reader icon.

MOBILE

The screenshot shows the mobile version of the website, which is a vertical stack of elements. At the top, there are input fields for "username" and "password", followed by "Sign In" and "Register" buttons. Below this is a "Welcome to Employer Self Service" message with a group photo. The "Important Information" section contains a notice about system unavailability on March 28, 2019. The "Resources" section features four large, vertically-oriented buttons: "First Time User", "What's New?", "I Need Help...", and "FAQs". The footer includes contact information and a small Adobe Acrobat Reader icon.
